## **BOLWURM MOT GETALLE BAIE HOOG!**

Feremoon lokvalle wys tans baie hoë vlakke van Bolwurm motte. Hierdie tendens kom voor oor groot produksie gebiede. Daar is gevolglik 'n groter moontlikheid om skade op u oes te ervaar. Gesels met u plantbeskermingsagent en kry u beheer strategie in plek. Die volgende produkte is geregistreer op pekans vir bolwurm beheer: Proclaim, Tarpinon 50 WG, KangroShield 100, Pygar 932, Ampligo, Helicover, Bolldex, Graboll, Fastac SC. Volledige lys beskikbaar op SAPPA webtuiste by: <https://www.sappa.za.org/crop-protection/>

## **BOLLWORM MOTH COUNTS VERY HIGH!**

Pheromone traps are showing a significant increase in bollworm moth counts, particularly across larger production areas. This heightened activity poses a greater risk of crop damage. We strongly recommend consulting with your plant protection agent to develop a control strategy as soon as possible. The following products are registered for bollworm control in pecans: Proclaim, Tarpinon 50 WG, KangroShield 100, Pygar 932, Ampligo, Helicover, Bolldex, Graboll, and Fastac SC. For the full list of registered products, please visit the SAPPA website at: <https://www.sappa.za.org/crop-protection/>
